IN THIS DIFFICULT TIME OF YOUR LIFE, the health care system can be confusing.

The Patient Navigator at The Steeplechase Cancer Center can help. The navigator has extensive experience in providing support and guidance to cancer patients and their families.

A cancer diagnosis can be a very overwhelming time for patients and their families. The navigator helps patients from the time they are first diagnosed through their treatment and recovery. She works closely with the Cancer Institutes at The Steeplechase Cancer Center, a team of doctors, nurses and health care professionals from a variety of specialties who develop individualized plans of care for cancer patients.

Our Services

The navigator helps guide cancer patients through a maze of treatments, doctors' appointments and insurance issues on their way to better health. She is an educational resource, a referral source, an advocate and simply just an understanding ear and voice of comfort to those with cancer.

The Patient Navigator can:

- Help expedite appointments for surgery, infusion and radiation services
- Direct you to local resources and support, such as palliative care, pain management, complementary medicine, transportation, wig and prosthesis fittings and support groups
- Work with you and our multidisciplinary team to develop an individualized plan of care
- Get answers to your questions to help you better understand your diagnosis and treatment options
- Ensure seamless care from detection through survivorship
- Offer ongoing support as needed

About the Cancer Center

The Steeplechase Cancer Center, a full-service, outpatient cancer treatment center designed to address the clinical and emotional needs of patients. Through a team of board-certified oncologists and highly skilled staff, The Steeplechase Cancer Center offers the following services and amenities all under one roof:

- State-of-the-art radiation oncology services, including knife-less surgery to target and destroy tumors
- The award-winning Sanofi-aventis Breast Care Program with digital mammography
- Access to national clinical research trials
- Infusion therapy (chemotherapy) services
- Support services, including nutrition counseling, pain management, and social workers
- Private medical oncology practices
- The Sanofi-aventis Wellness Boutique, providing image recovery items for cancer patients plus wig and prosthesis fittings
- A resource center with Internet access and educational tools about cancer
- A complementary medicine program, including reiki, massage therapy, yoga, tai chi and meditation
- Community education programs and support groups, most of which are free
- The Frimmer Healing Gardens, which offer peaceful views and space for quiet reflection
